

VineAlert

-Advanced cold hardiness database

Information Session for growers

Tuesday, January 25, 2011

10:00-11:30 a.m.

Niagara-on-the-Lake Public Library
(Computer Room) 10 Anderson Lane, NOTL

HANDS-ON TRAINING - see how you can use VineAlert to your advantage.

Jim Willwerth, Staff Viticulturalist at CCOVI will walk participants through a workshop on:

- ξ the best way to use VineAlert
- ξ additional background information only available through VineAlert
- ξ review bud hardiness data collected from the past two years
- ξ answer all of your questions.

presented by

Brock University
